

Cookie Policy

A cookie is a small text file stored on your computer or other mobile device when you browse a website. Generally speaking, cookies are used to optimize your navigation on a site, save your preferences, store your connection data, etc. There are different types of cookies which differ in their origin, function and lifespan.

No personal or sensitive data is stored in our retargeting partners' cookies. Furthermore, the data collected will not be merged with data allowing the identification of our visitors.

If you do not agree with the use that the mycellen.ch site makes of cookies, you can always deactivate them in your browser. Please note that your experience on our website will be significantly degraded.
